Subject: RE: Gold King - Water mngt - piping

Matt,

After discussing the situation at the GK last week with DRMS and our potential water management needs when we start again, we may want to consider piping water to our pond at the R n B. This raises the point that we have the extra pipe at the Boulder county project (Emancipation), and they do not need it according to Marty. So, let's just make sure it is stored well and available for us next year.

Let me know when you're back from the Cedar Edge job and we'll pick a time to get together.

Thanks and Happy Thanksgiving.

Steve

I would think that is plenty of time. I'll follow up with Chris. I think Bob is on a job in Louisiana.

So, December 15th would be a reasonable date to request a response from HW do you agree ?

Attached is a 1900 that has Christoph's invoice. I've contacted HW and let them know what we need from them. I'll follow up if it doesn't arrive.
